

EarthLink® Small Office DSL

*Upgrade your office—with a high-speed
Internet connection*

The smart choice for increased productivity.

Growing a business today requires making smart decisions that increase your productivity—like choosing the right high-speed Internet service. EarthLink Small Office DSL connects up to five office computers, giving you and your staff the power to quickly download software and other large files, save time researching on the Web, and facilitate communications with business associates and partners. It's a reliable, cost-effective broadband solution designed to enhance productivity.

Partner with the small-business experts.

For over 10 years, EarthLink has worked with businesses like yours to help them connect—and grow. Our Small Office DSL service offers a premium suite of features and services designed to grow along with your successful business as it expands. And all of our high-speed business customers can count on dedicated priority customer support to help minimize downtime and maximize your profits.

EarthLink Small Office Business DSL delivers the features your business needs:

- **Instant access for your office:** connect up to 5 office computers; without the expense of an additional phone line
- **Top download speeds:** up to 3.0Mbps — 70 times faster than dial-up (based on the average speed between a 28.8K and 56K modem)
- **Faster uploads:** speeds up to 768Kbps — 6 times faster than consumer DSL
- **Priority Business Support:** our dedicated business team is available 24/7
- **One static IP address:** host your own servers or set up your own Virtual Private Network (VPN)
- **12 email accounts:** each box protected by spamBlocker, EarthLink's powerful protection against junk email
- **4 Port Router:** network your entire office
- **10MB of personal webspace per email address**
- **20 hours of free dial-up per month:** stay connected out of the office or on the road
- **Low-cost high-speed alternative:** increased office productivity for one low, flat monthly rate — great ROI!
